

Congratulations on your purchase of the Seneca HD^S Media Player.

Setting up your system is fast and easy. Simply follow the instructions below.

1. Insert HD^S into holster
2. Attach HDMI extender cable to media stick
3. Attach power adapter to stick and plug into power source
4. Plug HDMI cable into monitor
5. Remove adhesive protective strip and attach holster to desired location
6. Plug in the wireless dongle into USB port for the mouse, keyboard or mouse/keyboard combo
7. Press power button to power device
8. Follow the setup prompts for Windows (if applicable)

Should you encounter any issues or need further assistance, please contact our support team at [1.800.227.3432](tel:1.800.227.3432) or email us at customer care@senecadata.com.
