Contact Seneca Digital Security and Surveillance Support:

Normal Business Hours

Outside Business Hours

800.227.3432 option 5

888.227.9994

Available Monday–Friday 8am–6pm EST

Download the complete user manual at http://www.xvaultstorage.com/change/USP_manual/manual.pdf.

First level of data protection and integrity begins with AC power protection.

Please consult your Seneca Account Manager for properly sized, uninterruptable power supply (UPS).

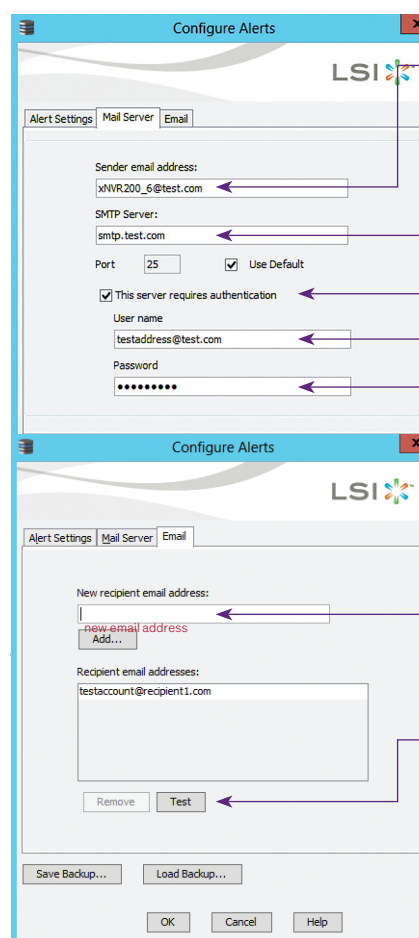

HOW TO CONFIGURE ALERTS

1. Select and login to MegaRAID Storage Manager from the desktop.
2. Select **Tools** → **Monitor Configure Alerts**

3. Select the **Mail Server** tab and enter the proper information.

• **Use to Identify xNVR**
Preceding “@”:
Alpha numeric with “_” only @
After “@”:
Alpha numeric only

• **Name or IP Address**
“25” is standard SMTP port. Can be changed by unchecking “Use Default”.

• **Only If Required**

• **“Save Backup”** if configuration retention is desired.

• **“Load Backup”** if configuration saved earlier.

4. Enter all new email recipients and press “Add”

• **New recipient email address:**

• **“Test”** will send a brief message to all recipients.

Clicking “OK” will only hold recipients for this MSM session only.

NOTE: Please reference manual for more detailed configuration information.

Congratulations you have successfully completed your xVault installation. We want to hear from you! Complete a brief three (3) question survey and receive a \$5.00 Amazon gift card. Visit <http://info.senecadata.com/xvaultinstallation>
