

## INTEL NUC DESKTOP

PROVEN PERFORMANCE WITH EXCEPTIONAL VALUE

The Seneca NUC gives you the performance you need for simple productivity and collaboration. Based on the Intel® Celeron™ processor or a quad-core Intel® Pentium® processor, this business solution delivers one of the most fully featured Intel NUCs. With new features like VGA port, SDXC card slot, four USB 3.0, 4K video support and 802.11ac WiFi, you can guarantee best in class reliability for your professional needs. It also features Intel® HD Graphics for stunning visuals without the cost of an additional graphics card. The Kensington lock provides IT asset security for office, educational and healthcare installations. From entry level consumers in emerging markets, to organizations looking for a value-oriented mini-PC, this NUC is the perfect choice.

Ultra compact form factor
