

INTEL NUC DESKTOP

AMAZING PERFORMANCE IN A ULTRA SMALL FORM FACTOR

Get ready to be astonished by what small can do. The Seneca NUC, powered by the 6th generation Intel® Core™ i5 processor or the 6th generation Intel® Core™ i3 processor, has the power of a desktop tower in a system that fits in your hand. With surround sound and a full-sized HDMI port for brilliant 4K resolution, the NUC is ideal solution for home or office. A small footprint personal computer featuring Windows 10, the NUC is the perfect device for everything from office and clerical work, educational facilities, computer labs or government offices. The integrated HD graphics with 4K display capabilities provide a HD experience that won't break the bank with the performance to create content without having to wait for it to render. Connect your NUC to a WiDi receiver or WiDi-enabled TV to experience rich vibrant visuals and audio without the clutter of cables for work or play.

Ultra compact form factor

Windows 10

4K capable

KEY FEATURES
