

## INTEL NUC MEDIA PLAYER

MAXIMUM PRODUCTIVITY IN A ULTRA SMALL FORM FACTOR

Take advantage of the performance you need for content creation, photo editing or complex work for home or the office with the Seneca NUC. Featuring the 7th generation Intel® Core™ i7 processor with Intel Turbo Boost Technology 2.0 has the power and responsiveness to help your productivity soar. Store and back up all your important files with a 2TB hard disk drive in addition to the lightning fast solid state drive through the M.2 slot. With four USB 3.0 ports, including a charging port, you can connect all the peripherals you need and still have room to charge your phone or connect external storage.

The Intel® Iris™ Plus Graphics let you see images in brilliant 4K and adds definition and clarity, letting you watch theater-quality 4K videos. Increase productivity by connecting up to three 4K monitors for work or for gaming. This system comes with Thunderbolt™ 3 which supports up to 40Gbps transfer speed, connection to external graphics and has built-in 10GbE for networking with another Thunderbolt 3 system.

Ultra compact form factor

Triple 4K display support

USB 3.0 Charging Port

### KEY FEATURES

- Ultra-compact form factor
- One M.2 connector and one SATA3 port for storage options
- USB 3.0 charging port
- Low power consumption
- Dual-array front microphone
- Supports up to three 4K displays

Specifications are subject to change, contact your account representative for current configuration.
